Richard Manley predicts early settlement between school board and teachers' Union.

Bolingbrook mothers complain

By Marge Ratcliffe

LOCKPORT — Several mothers from the Bolingbrook area appeared at the Lockport District 205 High School board meeting Thursday night, to present their views of the controversy surrounding alleged discipline problems on their bus routes.

At the last board meeting, Oct. 8, Mrs. Josephine Lortz, a bus driver, told the board she had been "kicked, scratched and punched" by three Lockport West female students. She said only one of the three girls had been suspended, and asked the board for help.

Mrs. Brunhilda Terrazas read an open letter to the board, representing the "parents of Bolingbrook who care." The letter was also directed to the Crawford Bus Company to "Josie" (Mrs. Lortz).

Mrs. Terrazas refuted Mrs. Lortz' charge that a Bolingbrook squad car had to follow her on her route in the area. "If he does, he must be invisible. We have never seen a squad car," Mrs. Terrazas also said she did not know what problem would not be solved if Mrs. Lortz quit her current route or was transferred.

She turned to Mrs. Lortz and said, "Believe me, Josie, if most of the parents had their way, you would not be driving a school bus, let alone driving one out here (Bolingbrook)."

Mrs. Terrazas continued, "Believe me, the things they say to her they say only because of the way she treats them. Did she ever stop to think that teenagers as well as she, or anyone else like to be treated like human beings?"

"She treats every kid that gets on her bus like they were dirt." She added that per-

haps Mrs. Lortz doesn't remember being a teenager or was born grown up, then suggested maybe she was taking trouble with her own children out on other children.

Mrs. Terrazas said she apologized to the good bus drivers employed by the Crawford. "It is a shame you have to be intimidated because of one person. After all, we are paying taxes to hire good help . . . not to ask parents to ride on buses and to do the bus drivers' jobs for them, because the drivers are not capable of doing it themselves."

She concluded by stating a lot more could be said, but that she thought her comments might help to clarify the situation.

Board member Jerry Harlan said it did show there were two sides to the problem and that positive steps are being taken in regard to it.

Mrs. Marie Kure, manager of the bus company, said Mrs. Lortz did not drive in the Bolingbrook area last year, and that they are presently on the fourth set of drivers in the area. "There are some mighty fine kids,

but there are about 15 or 16 who cause problems.

"These kids are going to have to understand that the bus driver is in charge of the bus, like the teachers in the classroom. I have talked to the new superintendent, Mr. Harrell, and if the parents of Bolingbrook will just be patient, we can work this out."

Mrs. Kure explained a plan where three students would be selected from each school to set up rules and regulations for the buses, with the help of the school code book. "The students will help solve the problem," Mrs. Kure added that she had driven a bus for 19 years and had never had problems.

She also said she has had to send extra buses for the Bolingbrook pick-up, only to find a few or no students at all there. She said she did not charge the district for these extra buses.

"The board told me at the beginning of this year that only so much money was available for transportation. I'm trying to keep within the budget," Mrs. Kure said. "I can't do it without the help of parents. We can't

have 70 kids on one bus and 20 on another. The kids will have to ride the bus they're assigned to."

Mrs. Lillian McDermott, the mother of one of the girls involved in the incident Mrs. Lortz reported, said her daughter had been suspended from school and she felt it was unjust.

The board said they were not aware she had been suspended and Mrs. McDermott explained she was not allowed to ride the bus for the rest of the year, and might as well have been suspended from the school itself. "They call and ask me where she is, but I have no way to get her there, without a bus."

Board president William Brill told Mrs. McDermott if she felt there had been an injustice, the board would try to straighten it out.

He added that individual arguments had no place at board meetings, and suggested that all parties involved meet with the board in executive session after adjournment.

Vote clean water

LEMONT — The Lemont Pollution Commission urges every registered voter to support the \$750 Million referendum that will aid in the battle for Clean Water.

A "Yes" vote is necessary. Failure to vote is equivalent to a "no" vote. Passage of this referendum will enable those responsible to proceed with the necessary improvements to provide the changes essential for Clean Water for its citizens.

Don't Spare The Mop

Mrs. Brunhilda Terrazas reads open letter to the school board, bus company and 'Josie.'

Mrs. Marie Kure, manager of Crawford Bus Company, asks Bolingbrook parents to be patient.

Former Tinley Chief To lead Mokena force

MOKENA -- Mokena has a new police chief. He is Roger Sutton, 39, who recently resigned as chief of the Tinley Park police department.

The village also has a new fulltime patrolman, Joseph E. Shirley, 32, of Richton Hills and John Specht, who served the village as a parttime patrolman in 1966 has been re-hired in that capacity. Agnes Greene, 19644 Catalpa St., Arbury Hills, has been

hired as a radio operator. Harold O. Fitch, who has been serving as temporary acting chief has been named as acting assistant chief.

These appointments were made and confirmed by the village board at a meeting last week which had been recessed at the regular session the previous week for the specific purpose of settling the police situation.

Fitch has been acting as

temporary chief since Wayne Ryder, who had the chief's post, resigned last July 21. Three patrolmen and three women radio operators resigned at the same time.

The new chief will receive \$10,500 a year in salary and the village will also pay part of his hospitalization insurance. Ryder, who was paid \$7,200 a year when he started was getting \$7,800 at the time he resigned.

Strike still plagues L-W addition

NEW LENOX -- Providence High School, which is located on U.S. 30, west of I-80, has expressed a desire to annex its property to New Lenox, and the members of the village board have indicated they are favorable to such a move.

Providence High maintains its own sewage treatment facilities which it must enlarge and improve by 1972.

Mayor Joseph Hartung told board members at the regular session last Wednesday that Cherry Hill School could be benefitted too through the extension of mains.

John Djerf, of Robert Hamilton Engineers, said that while some sections could be served by gravity fed lines it would be cheaper for Providence to use a force main. The engineers are to get estimates of costs.

Mayor Hartung read a letter from the Rev. Roger Kaffer, principal at Providence relative to the situation. The Rev. Fr. Kaffer is prepared to go to Springfield with the mayor and engineers to confer with Clarence Klassen

director of the state water board and environmental protection agency "to see what can be done for the benefit of all."

Mayor Hartung said that while the village board is endorsing the \$750-million anti-pollution state bond issue, he is going to ask Klassen what chance a small municipality has in getting any financial help.

New Lenox has had an application in for more than a year for a \$100,000 federal grant to aid it in its sewage plant improvement program. The Northeastern Illinois Planning Commission has been doing some great blocking on this grant, the mayor said.

The village board also discussed the Cedar Rd. sidewalk question. John Djerf submitted some revised cost figures explaining that they have devised a way to build the walks without retaining walls at certain sections. The estimate submitted a couple of weeks ago was approximately \$18,000. Elimination of the retaining walls, Djerf said, could bring the total price down to be-

tween \$12,000 and \$13,000.

He added, however, that he feared winter would set in before the necessary permits could be obtained, bids taken and contracts let.

One thing that may cost more than the \$33,600 in the contract is the addition to the village hall. Stagg's Custom Contractors, Chicago, wrote the village that the carpenters strike in Will County halted the job and they did not believe it could be started by spring. The company also said that any increase in costs of the job due to the delay would have to be borne by the village. Village Attorney Wayne Johnson is to study the contract.

The village is to open bids on a sewer rodding machine at 2 p.m. Nov. 18.

The board gave final approval to the plat of the Markey subdivision off Elm Drive.

The board set the hours for tricks or treats for from 4 - 6 p.m. Saturday, Oct. 31. A Halloween parade from Haines school to Oakview school, which is scheduled for 2:45 p.m.

(Continued from Page 1)

can Federation of Teachers told the board he was very pleased with the current progress in negotiations. He said if present attitudes prevail, an early settlement could be anticipated.

Brill said he thought thanks should be given to the negotiating teams for all the hours they have put in so far. "We are now working together, as a team."

The board also approved Clifford Kilian's request to drive a school bus, on the condition that it does not interfere with his contractual agreement and school assignments.

Accepted a resignation from Carol Pratt, effective Jan. 15. Miss Pratt plans to teach in Australia.

Announced the expansion of the adult education and night school programs, to accommodate students who are presently enrolled in high school. The students will be in classes with other

students and not with adults.

Heard a report from Superintendent Harrell on the recent dinner recognizing Tom Haller, a Lockport Central graduate who is now with the Los Angeles Dodgers. Harrell accepted a portrait of Haller on behalf of the school and suggest it be placed in the school's Hall of Fame. The dinner was given by the University of Illinois Grants-in-Aid program.

Board member Felix Borio suggested the board write Haller a letter thanking him for the distinction he has brought to the school.

Harrell reported he recommended the Safety Survey Report and the bus contract be delayed until the board had had time to study both proposals.

The board okayed several requests for out-of-state meetings with the provision that no cost to the district is involved.

Reported the transfer of \$100,000 from the Building Fund to the Educational Fund, the repayment of an Inter-fund loan.

Reported the payment of \$19,076 and \$8,065 to the Lockport Area Special Education Co-operative. The board pointed out the \$8,000 figure was money collected when the district served as the administrator of the special education co-op, and was not payment of a bill.

Brill reminded the audience that the next Study Session is at Lockport East's Little Theater Oct. 29 from 7-10 p.m.

Providence school asks annexation

NEW LENOX -- A report on the condition of the incomplete addition to Lincoln-Way High School has been compiled by the architects, Welton Beckett & Associates for the board of education.

The report gives a description, in detail, of the existing conditions and also spells out what must be done to secure the property for the winter, if the carpenters' strike remains in effect.

Work on the construction of the school is not at the point where carpenters are needed. The work to be done now requires the services of bricklayers, masons, electricians, sheetmetal workers and plumbers. When the Will County carpenters local went on strike last Aug. 25 it tied up all construction work in the county.

Recently the carpenters permitted resumption of work of other crafts at the new addition to Silver Cross Hospital in Joliet. The school was unsuccessful in its bid to get construction going again, but does have an agreement that if the contractors and carpenters failed to settle the strike last Sunday, the contractors for the Lincoln-Way job can secure the property for the winter.

To secure the unfinished buildings the walls must be protected with Visqueen or waterproof paper; some must have additional bracing; drainage traps must be treated with antifreeze; all equipment exposed to the weather must be wrapped in Visqueen and wrapped in tarpaulins if possible.

The report was delivered to the board of education last Thursday following an inspection of the building made Wednesday by Charles Morrow, director of field services of the architectural firm, and Ray Turnquist, its field representative. They were accompanied on the tour by Joe Kruzich, superintendent of Lincoln-Way and Frank Goetschel, superintendent of buildings and grounds.

Copies of the report were forwarded to Mortensen Construction Co., general

contractors; Bert C. Young & Sons, plumbing contractors; Nasl Plumbing and Heating, heating contractors, and Meyerhoof Electric, Inc., electrical contractors.

Securing the property for the winter can be accomplished with two or three days work, it was said, but to remedy all the conditions resulting from the work stoppage will take about 10 days. There will also have to be some replacement of equipment and materials, it was said, to bring the project up to standard.

In all there are 41 items on the list of recommendations to the prime contractors.

This new addition, which joins the rest of the school plant on the north, is to serve the freshmen.

End library tax levy

FRANKFORT -- When the Frankfort village board meets next Monday night it is expected to abate the tax levy for the village library. However, the appropriation will be allowed to stand.

A change in the status of the library has made such action necessary, it was explained by Village Attorney August Santoro. Recently the village library was dissolved and a district library formed.

Before this change was effected the village board had adopted its tax levy for the 1970-71 fiscal year, including that for the then village library. The library district files its own tax levy but will not receive any revenue as a result until next year. Meanwhile, there is an appropriation for the library on the books, it was explained, which will tide the district over until its funds are available.

Crime has increased 148 per cent during the past 10 years in the U.S. Crime costs one fourth of the entire federal budget.

Machine politics; Computers that is

WILL COUNTY - Voters in the general election next Tuesday, Nov. 3, will be handed three ballots. One of them, containing the names of candidates for federal, state and county offices, also carries two proposals. One of these proposals is for amendments to the Banking Act and the other is for a \$750-million dollar state anti-pollution bond issue. This ballot will be inserted in a votomatic device and the choices punched out by the voter.

The other two ballots are of the old style 'paper' ballots and must be handcounted. The votomatic ballots are run through a computer.

Before there is another general election the Will

County Board is expected to install a computer of its own that is large enough to count the ballots. As it stands now County Clerk Clara Hartley Woodard has to find such a computer and persuade the owner to let it be used for ballot counting in the Nov. 3 election.

She had exhausted the sources in Will County and had to turn to neighboring counties. Mrs. Woodard found the Andrew Corporation at Orland Park public spirited enough to make its computer available for the election. Dispatching the ballots back and forth between Orland Park and Joliet involves time and labor but - and even the critics agree the results are known much

faster than if the ballots are hand-counted.

The results from the computer are accurate and according to those experienced in getting election returns the computer is the only thing that has ever tallied votes in a state representative race without error. The cumulative voting system in state representative particular races has always been too much for the average election judges to fully master.

The two other ballots, a voter will receive, deal with the retention of incumbent judges now holding office and a proposed amendment to the constitution to abolish the personal property tax for individuals, but to re-

tain it for corporations.

To be elected are a United State's senator, a state treasurer and superintendent of public instruction, congressmen, state senators and state representatives. will be a supreme court judge in the Third District, and four county officers, county clerk, county treasurer, sheriff and superintendent of schools.

U.S. Sen. Ralph Tyler Smith, Republican, who was named to the senate as successor to the late Everett M. Dirksen, is being opposed in the election by Adalai Stevenson, III, on the Democratic ticket Lynn Henderson. Socialist Worker party and Louis Fisher, Socialist Labor, are also Senate Candidates.

These socialist parties also have candidates for the two state offices, so the candidates for state treasurer are: Edmund J. Kucharski (R), Alan J. Dixon (D), Naomi Allen (SW), and Edward C. Gross (SL); and for superintendent of instruction, Ray Page (R), Michael J. Bakalis (D), Emerson Allen (SW), and George A. LaForest (SL). Will County is in two congressional districts, the 14th and 17th. The 14th district will see John N. Erlenborn (R), incumbent, of Elmhurst, opposed by William J. J. Adelman (D), of Bensenville. The only townships in the 14th District are Joliet, Lockport, and Du-

Page. All the others are in the 17th congressional district which is served by Leslie C. Arends (R) of Melvin. He is opposed in the election by Peter A. Hawthorne, of Saybrook.

State Senator Meade Baltz, of Joliet, (R), who is seeking re-election in the 41st Senatorial District, is opposed by LeRoy Van Dyne (D). The 41st Senatorial District includes all of Will County except Lockport, DuPage, Plainfield and Whetland townships, which are in the 40th Senatorial District.

Sen. Harris W. Fawell (R), of Naperville, is opposed by John T. Perry (D), of Glen Ellyn.

All of Will County lies in the 41st State Representative district except for these six townships, Channahon, Custer, Florence, Jackson, Reed, Wesley and Wilmington. Those seven townships are in the 42nd District, which takes in Grundy County.

W. Robert Blair (R), Park Forest, incumbent, and George M. O'Brien, (R), Joliet, seeking election to the general assembly in the 41st, are being opposed by John J. Houlihan (D), Park Forest, Forest, and Leo J. Meehan (D), Joliet. William Barr, of Joliet, descendant of a long line of Republican for-bearers, had been serving the 41st District but he decided to join the Democrats and so had no place to run for re-

election.

On the state ticket there is a spot for election of a supreme court judge to fill a vacancy in the Third Judicial District, which includes Will County and a numerous other counties. The Republican candidate is Howard C. Ryan, of Tonica, and the Democrat candidate, is John E. (Jack) Cassidy Jr., of Peoria.

Also to be elected are six trustees of the University of Illinois for regular terms and to fill one vacancy. The Republican candidate for the vacancy is Frances L. Dawson and the Democrat candidate is Roger B. Pogue.

Republican candidates for the regular terms are: W. Clement Stone, William George Karnes, Earl Edwin Walker, Deborah J. Notkin, Mark Ugolini, Nancy Jean Cole; Democrats, William Forsyth Jr. George Howard III, Earl L. Neal, Elizabeth Schnur, Stanley L. Prorok and Clarays L. Essex. One can vote for three.

On the Will County ticket the candidates are:

For County Clerk: *Clara Hartley Woodard (R) and Joseph R. Danzero (D).

For County Treasurer: *W.F. (Wally) Schuetz (R) and Kent Bosworth (D).

For Sheriff: Earl Cantone (R) and Joseph R. Trizna (D).

For County Superintendent of Schools: *Boyd R. Bucher (R) and Eric Matysiak (D).

Close race predicted for Senate seat

If the polls are correct, it will be a close race between Sen. Ralph Tyler Smith and State Treasurer Adlai E. Stevenson III, who head the ballot in the general election to be held Tuesday, Nov. 3. Senator Smith is fulfilling an appointed term in the U.S. Senate since the death of Sen. Everett Dirksen.

Voters will also elect state and county candidates, judges and trustees of the Metropolitan Sanitary District.

Congressman Edward J. Derwinski, of South Holland (R-4th) is being opposed by Democrat Melvin W. Morgan of Chicago Heights.

Republican State Sen. Terrel E. Clarke, Western Springs, is opposed for re-election in the 9th district by Emmanuel M. Cannonito of Tinley Park, an attorney. Sen. Clarke, an insurance broker, was graduated from the University of Colorado and the Harvard Graduate School of Business.

The candidates for state representative in the 9th district are incumbents George M. Burditt, LaGrange, Don A. Moore, Midlothian (Republican) and Leland H. Rayson, Tinley Park, (Democrat). The fourth candidate is Gerald A. Brier, Bridgeview (Democrat). Three will be elected.

Voters will elect candidates to the following Cook County offices: Clerk, assessor, sheriff and Treasurer.

Veteran Edward J. Barrett, (Democrat) who has been county clerk for 15 years, is seeking re-election.

His opponent is Robert O. Atcher (Republican), Schaumburg, Mayor.

For county assessor P.J. Cullerton of Chicago is the incumbent for the post on which he has served for 13 years. His opponent is Benjamin S. Adamowski (Republican), Chicago, who is a former state's attorney.

The two candidates for Cook County Sheriff are

Richard J. Elrod (Democrat), Chicago and Bernard Carey (Republican) of South Holland.

Elrod is a former state representative and is assistant corporation counsel for Chicago. Carey is assistant director of the department of law enforcement for the state.

Seeking the post of county treasurer are James E. Peterson (Republican) and Bernard J. Korzen (Democrat), both of Chicago.

Peterson is presently deputy county treasurer and a former state representative. Korzen, an attorney, has served on several city and county posts in a legal capacity.

For the office of superintendent of educational services Richard J. Martwick Jr. (Democrat), Norridge is opposing incumbent Robert H. Hanrahan, Homewood.

Two will be elected to the county board of appeals. There are four candidates.

Democratic candidates are Harry H. Semrow, Chicago, a manufacturer and George M. Keane, River Forest, who is a member of the county board of appeals.

The Republican candidates are Florence Dunbar, Oak Park, an attorney; and Peter P. Piotrowicz, a former assistant county treasurer.

For president of the county board George W. Dunne, a Democrat, is being opposed by Joseph I. Woods, present county sheriff.

Five candidates will be elected county commissioners. Democratic candidates are Donald L. Norman, Arlington Heights, James P. Hillard, Morton Grove, Patricia Siebert and Milton Rakove, both of Evanston; and Miles F. Krehci, Lyons.

Republican candidates are Charles J. Grupp Jr., Chicago Heights, William N. Erickson, Evanston, Floyd T.

Fulle, Des Plaines, and Charles F. Chaplain, Winnetka. The name of Joseph I Woods is also on the ballot.

Voters will elect three trustees on the Metropolitan Sanitary District. There are six candidates. The only incumbent is Valentine Janicki, Chicago, a Democrat. Other Democrat candidates are John W. Rogers, Chicago, an attorney; and James C. Kirie, Elmwood Park, presently serving in the state legislature.

The Republican candidates are Harvey Schwartz, Skokie, where he serves as Corporation counsel for the village; Theodore A. Allen, Orland Park, a member of the advisory board of the state department revenue and of the Governor's Advisory Council; and Louis A. Watson of Chicago, an attorney.

In the two state offices to be filled incumbent Ray Page (Republican) is being challenged by Michael Bakalis (Democrat), who is a professor at Northern Illinois University, DeKalb.

For state treasurer, the Democratic candidate is Alan J. Dixon, a state senator from Belleville. Republican candidate is Edmund J. Kucharski.

College professor takes part in creative study

A Lewis-St. Francis College professor is one of a small number of Ph.D.'s in chemistry invited to participate in a study of the effect of the college faculty member on students "in relation to their development as creative persons."

Dr. Philip Hogan, chairman of the chemistry division in the department of natural science at Lewis-St. Francis, has been asked to "reflect back on those faculty members who significantly affected your de-

velopment as a creative person. We seek nominations of those who significantly affected you either positively or negatively," said a letter to Dr. Hogan from Professor Jack A. Chambers of the University of South Florida, principal investigator of the study. The project is funded by the University of South Florida and the U.S. Office of Education.

Dr. Hogan, whose research on the carbene—"a reactive intermediate in organic chemical transformations"—has progressed under National Science Foundation grants for the past 10 years, received this definition from Professor Chambers of his involvement in the nationwide project:

"As a result of contacting a national sample of

knowledgeable people in the field of chemistry, we

have received nominations of men who have received their Ph.D.'s since 1956 who are considered to have produced highly creative research. Over 17,000 persons received Ph.D.'s in chemistry during that period of time, and of that group only three percent received nominations for inclusion in this project. You were one of those nominated."

Dr. Hogan graduated from St. Mary's College in Winona, Minnesota, with a Bachelor of Science degree. He did graduate work at the University of Missouri and Loyola University. He has been a visiting professor at Pennsylvania State University on a National Science Foundation fellowship. He is a member of the Mayor's Environmental and Refuse Committee in Joliet.

Romeoville trustees meet

By Louise Shaller

ROMEoville — Romeoville trustees held a forty-five minute executive session at their Oct. 21 meeting. Mayor John O'Hara announced that the session would include personnel and land purchase discussions. No announcements were forthcoming when the board reconvened.

A meeting to review water department salaries is scheduled for Saturday, Oct. 31 at 9:30 a.m.

A two week vacation has been awarded to all employees after they have completed one year. Good Friday will be a full-day off instead of a half-day as in the past.

Don Kennedy, president of the Jaycees, presented a flag to the board which has the village seal on it. Jerry Capps directed that a letter be sent to the Jaycees expressing the appreciation of the board.

Harry Betzel, trustee, announced his committee would need more time to study the request of Resurrection Cemetery to use the driveway alongside the Civic Center as an exit.

Trucks of more than five tons will not be permitted to use village streets, unless they stop at the police station and get directions on the shortest route to their destination.

Ordinance No. 183, per-

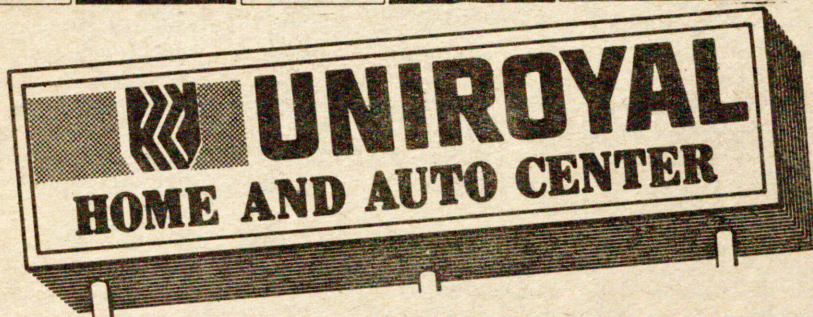

taining to buildings, has been revised. Builders must furnish a building and performance bond including maintenance.

Vehicle tags will cost \$5 this year, and they'll go on sale November 15. Firemen and retired firemen will receive their sticker free of charge.

In the army

LOCKPORT — Three local men have been inducted into the Selective Service System at Local Board 212 in Joliet.

They are Gene Douglas Ingram, Kenneth George Pankow, and Kenneth Don Paschall.

Light the night

Days darken early in the fall, and in the excitement of Halloween festivities, youngsters are often too busy having fun and collecting treats to realize that drivers sometimes cannot see them at night.

Unfortunately, the darkness that lends mystery to this special night often spells tragedy.

Area village are taking a step toward preventing accidents, as well as other nuisances of Halloween, by getting hours for trick-or-treating. We also offer these suggestions from the National Safety Council for insuring the safe transformation of area goblins back to real life.

Perhaps the foremost rule is to dress all would-be spooks in light-colored clothing. If they insist on skeleton garb or other ghoulish outfit, brighten them up with strips of reflectorized tape or glow-in-the-dark liquid.

The silver-white liquid, available at hardware, paint, auto accessory and sporting goods stores, is quite effective for simulating "bones" or lending an eerie effect to a witch's hat.

Reflective tape comes in white and colors. It sticks nicely to capes, shoes and hats. A flashlight in a jack-o-lantern is another way to light the night.

Poor visibility is not limited to motorists. Masqueraders often have trouble seeing where they are going. Masks, especially the rubber or plastic whole-face variety, have slits too small for good vision. It is difficult for a child to see things on the ground, and if the mask slips, he may trip over something he cannot see.

Painting on a face instead of wearing a mask is one way to avoid the problem. Facial make-up is colorful and comfortable. Apply make-up over cold cream for easy removal. Costume accessories, such as whiskers, beards, wigs, veils and hat trimmings, should be checked to make sure they don't block vision.

Small children should be accompanied by an adult spook to spot cars and help children cross streets safely. Older trick-or-treaters should travel in groups and limit their haunting to familiar neighborhoods.

Finally, before the clowns, ghosts, witches or goblins spook off for the evening, they should be reminded of basic pedestrian safety.

With these suggestions in mind, we bid area masqueraders a fruitful and safe Halloween haunt.

Lockport pollution resolution

RESOLUTION

As adopted by the Lockport City council at meeting held on October 19, 1970:

WHEREAS, it is imperative that the polluted streams and lakes in the State of Illinois be cleaned up and purified; and

WHEREAS, if the people of the State of Illinois adopt the Anti-Pollution Bond Act at the general election on November 3, 1970, in the amount of \$750,000,000, the cost of such pollution abatement would be met by means of contributions in the following amounts:

State of Illinois, 25 percent; U.S. Government, 50 percent - 55 percent; Affected Municipalities or Sanitary Districts, 20 percent - 25 percent.

WHEREAS, the adoption of the said bond issue will not increase State taxes as the principal and interest on said bond issue will be paid from general revenue funds of the State of Illinois; and

WHEREAS, if this bond issue is not adopted, the Federal contribution of 50 percent - 55 percent will not be made and therefore, the share of the cost of the individual municipality or sanitary district will be approximately 70 percent instead of 25 percent and

WHEREAS, adoption of the Pollution Bond Act requires a majority of those voting at the general election on November 3, 1970, which means that these failing to vote on said bond issue are in effect casting a negative vote.

NOW, THEREFORE BE IT RESOLVED that Lockport, Illinois City Council goes on record as actively supporting said bond issue and urging all citizens to cast an affirmative vote thereon in the General Election on November 3, 1970.

STUDY TIME NOT ONLY FOR JUNIOR

Letters to the editor

To the People of Lincoln Estates:

The Ann Rutledge School Board convened on October 14. Charles Scheeler, Don Schofield and Joyce Bluth were absent. Mr. Ed Fields was acting chairman.

The first order of business was the payment of bills. To pay the bills the school was forced to borrow \$15,000 from the Frankfort State Bank at seven per cent interest. The bank had turned down a request for \$25,000. The reason given was the problem of collecting taxes in this area. Bills then had to be sorted out to see who gets paid.

It was erroneously reported that at the last school board a discussion of enrollment had cut down state funds. Since this is dependent on average daily attendance this figure could not have been known until the end of September. The money furnished by the state is based on children in school. Last year with an enrollment figure of 200 the average daily attendance was 183.87. This September our enrollment dropped to 191 and the average daily attendance was 163.87. Excluding other complications this will cost the district approximately \$900 a month.

Mr. Willson reported that two of our children are attending the Joliet School for the Deaf.

The Three Rivers division of school boards was to hold its fall meeting. The board will not pay for anyone to attend.

A program agreement was signed with Mokena school over dual enrollment between St. Mary's and Mokena. At present three students are involved.

The annual report for recognition was submitted to the State, listing our music program as being below standard.

The teachers requested definition of

duties at evening affairs and they were requested to work in the gym. Mrs. Stammie Beibe, the kindergarten teacher, then requested \$18 for books to improve the program. The board approved this expenditure. Mrs. Beibe pointed out that she had seven women who volunteered 20 minutes of their time two days a week which was wonderful. She also thanked Mr. A. Swatek for his donation of equipment to the class.

The teachers petitioned the board to recognize Local 604 of the AFT union as their sole bargaining agent. Action was deferred.

The PTA requested use of the all purpose room for roller skating. The board felt the tiles would be harmed by this program, but if the PTA brought in an expert testifying to the contrary they would be willing to listen. Also the PTA would have to have personnel insurance as well as building insurance for damage.

Ed Fields submitted the Special Education minutes for approval.

Mr. Roy Robertson moved that a letter of dissatisfaction with the action of Will County Sheriff's office be submitted. An incident occurred with one of our students being accosted at 8:45 a.m. at which time it was reported to the sheriff's office. No one from the sheriff's office arrived until 3:30 p.m. This is the last in a long line of inaction by the sheriff's office. The board now felt it must complain officially.

The next meeting will be held November 11 at 7:30 p.m. Everyone is welcome.

Sincerely,
 Howard Bluth

Proposed Constitution of the State

(Continued)

(This is the seventh installment of the Proposed Constitution of the State of Illinois adopted on the third day of September, Nineteen Hundred and Seventy, by the Sixth Illinois Constitutional Convention at the Old State Capitol in the City of Springfield. The proposed constitution will be run in its entirety before December 15, the voting date.)

ARTICLE IX REVENUE

Sect. 1. State Revenue Power: The General Assembly has the exclusive power to raise revenue by law except as limited or otherwise provided in this Constitution. The power of taxation shall not be surrendered, suspended, or contracted away.

Sect. 2. Non-Property Taxes—Classification, Exemptions, Deductions, Allowances and Credits: In any law classifying the subjects or objects of non-property taxes or fees, the classes shall be reasonable and the subjects and objects within each class shall be taxed uniformly. Exemptions, deductions, credits, refunds and other allowances shall be reasonable.

Sect. 3. Limitations on Income Taxation: (a) A tax on or measured by income shall be at a non-graduated rate. At any one time there may be no more than one such tax imposed by the State for State purposes on individuals and one such tax so imposed on corporations. In any such tax imposed upon corporations the rate shall not exceed the rate imposed on individuals by more than a ratio of 8 to 5.

(b) Laws imposing taxes on or measured by income may adopt by reference provisions of the laws and regulations of the United States, as they then exist or thereafter may be changed, for the purpose of arriving at the amount of income upon which the tax is imposed.

Sect. 4. Real Property Taxation: (a) Except as otherwise provided in this Section, taxes upon real property shall be levied uniformly by valuation ascertained as the General Assembly shall provide by law.

(b) Subject to such limitations as the General Assembly may hereafter prescribe by law, counties with a population of more than 200,000 may classify or to continue to classify real property for purposes of taxation. Any such classification shall be reasonable and assessments shall be uniform within each class. The level of assessment or rate of the highest class in a county shall not exceed two and one-half times the level of assessment or rate of tax of the lowest class in that county. Real property used in farming in a county shall not be assessed at higher level of assessment than single family residential real property in that county.

(c) Any depreciation in the value of real estate occasioned by a public easement may be deducted in assessing such property.

Sect. 5. Personal Property Taxation: (a) The General Assembly by law may classify personal property for purposes of taxation by valuation, abolish such taxes on any or all classes and authorize the levy of taxes in lieu of the taxation of personal property by valuation.

(b) Any ad valorem personal property tax abolished on or before the effective date of this Constitution shall not be reinstated.

(c) On or before January 1, 1979, the General Assembly by law shall abolish all ad valorem personal property taxes and concurrently therewith and thereafter shall replace all revenue lost by units of local government and school districts as a result of the abolition of ad valorem personal property taxes subsequent to January 2, 1971. Such revenue shall be replaced by imposing statewide taxes, other than ad valorem taxes on real estate, solely on those classes relieved of the burden of paying ad valorem personal property taxes because of the abolition of such taxes subsequent to January 2, 1971. If any taxes imposed for such replacement purposes are taxes on or measured by income such replacement taxes shall not be considered for purposes of the limitations of one tax and the ratio of 8 to be set forth in Section 3(a) of this Article.

Sect. 6. Exemptions from Property Taxation: The General Assembly by law may exempt from taxation only the property of the State, units of local government and school districts and property used exclusively for agricultural and horticultural societies, and for school, religious, cemetery and charitable purposes. The General Assembly by law may grant homestead exemptions or rent credits.

Sect. 7. Overlapping Taxing Districts: The General Assembly may provide by law for fair apportionment of the burden of taxation of property situated in taxing districts that lie in more than one county.

Sect. 8. Tax Sales: (a) Real property shall not be sold for the non-payment of taxes or special assessment without judicial proceedings.

(b) The right of redemption from all sales of real estate for the non-payment of taxes or special assessments shall exist in fa-

vor of owners and persons interested in such real estate for not less than two years following such sales. Owners, occupants and parties interested shall be given reasonable notice of the sale and the date of expiration of the period of redemption as the General Assembly provides by law.

Sect. 9. State Debt: (a) No State debt shall be in-

curred except as provided in this Section. For the purpose of this Section, "State debt" means bonds or other evidences of indebtedness which are secured by the full faith and credit of the State or are required to be repaid, directly or indirectly, from tax revenue and which are incurred by the State, any department, authority, public corporation or quasi-public corporation of the State, any State college or university, or any other public agency created by the State, but not by units of local government, or school districts.

(b) State debt for specific purposes may be incurred or the payment of State or other debt guaranteed in such amounts as may be provided either in a law passed by the vote of three-fifths of the members elected to each house of the General Assembly or in a law approved by a majority of the electors voting on the question at the next general election following passage. Any law providing for the incurring or guaranteeing of debt shall set forth the specific purposes and the manner of repayment.

(c) State debt in anticipation of revenues to be collected in a fiscal year may be incurred by law in an amount not exceeding 5% of the State's appropriations for that fiscal year. Such debt shall be retired from the revenues realized in that fiscal year.

(d) State debt may be incurred by law in an amount exceeding 15% of the State's appropriations for that fiscal year to meet deficits caused by emergencies or failures of revenue. Such law shall provide that the debt be repaid within one year of the date it is incurred.

(e) State debt may be incurred by law to refund outstanding State debt if the refunding debt matures within the term of the outstanding State debt.

(f) The State, departments, authorities, public corporations and quasi-public corporations of the State, the State colleges and universities and other public agencies created by the State, may issue bonds or other evidences of indebtedness which are not secured by the full faith and credit or tax revenue of the State nor required to be repaid, directly or indirectly, from tax revenue, for such purposes and in such amounts as may be authorized by law.

Sect. 10. Revenue Article Not Limited: This Article is not qualified or limited by the provisions of Article VII of this Constitution concerning the size of the majorities in the General Assembly necessary to deny or limit the power to tax granted to units of local government.

Article X Education

Sect. 1. Goal — Free Schools: A fundamental goal

of the People of the State is the educational development of all persons to the limits of their capacities.

The State shall provide for an efficient system of high quality public educational institutions and services. Education in public schools through the secondary level shall be free. There may be such other free education as the General Assembly provides by law.

The State has the primary responsibility for financing the system of public education.

Sect. 2. State Board of Education — Chief State Educational Officer:

(a) There is created a State Board of Education to be elected or selected on a regional basis. The number of members, their qualifications, terms of office and manner of election or selection shall be provided by law. The Board, except as limited by law, may establish goals, determine policies, provide for planning and evaluating education programs and recommend financing. The Board shall have such other duties and powers as provided by law.

(b) The State Board of Education shall appoint a chief state educational officer.

Sect. 3. Public Funds for Sectarian Purposes Forbidden: Neither the General Assembly nor any county, city, town, township, school district, or other public corporation, shall ever make any appropriation or pay from any public fund whatever, anything in aid of any church or sectarian purpose, or to help sustain any school, academy, seminary, college, university, or other literary

tarian denomination whatever; nor shall any grant or donation of land, money, or other personal property ever be made by the State, or any such public corporation, to any church, or for any sectarian purpose.

Article XI Environment

Sect. 1. Public Policy—Legislative Responsibility: The public policy of the State and the duty of each person is to provide and maintain a healthful environment for the benefit of this

and future generations. The General Assembly shall provide by law for the implementation and enforcement of this public policy.

Sect. 2. Rights of Individuals: Each person has the right to a healthful environment. Each person may enforce this right against any party, governmental or private, through appropriate legal proceedings subject to reasonable limitation and regulation as the General Assembly may provide by law.

Voters decide on judges

WILL COUNTY — A separate non-partisan green ballot will be given to the voters at election Nov. 3. This is known as the judicial retention ballot. It simply requests the voters to determine if four judges, each being now in office, should be retained. The voters are asked to vote Yes or No. To be retained in office, each judge must receive a majority of "YES" votes.

At the top of the ballot is the name of Judge Howard C. Ryan, seeking retention as a judge of the appellate court of the Third Judicial District. Following this portion of the ballot will be the names of three trial judges in the Twelfth Judicial Circuit, made up of Will, Iroquois, and Kankakee counties. First on the ballot is Judge David E. Oram, of Watseka, Judge Victor N. Cardosi, of Kankakee is second and Judge Robert E. Higgins, of Joliet, third.

Judge Oram was first elected in 1958 and is presently chief judge of the circuit. Judge Cardosi was elected in 1960 and Judge Higgins

was elected in 1966. Each of these three judges are seeking retention for another six year term. They are not running against each other. The lawyers, who know them best, members of the Will County, Kankakee County and Iroquois County Bar Associations, have gone on record as favoring the retention of these three trial judges.

An Illinois Bar Association poll of its members in the Twelfth Judicial Circuit likewise recommends the retention of the judges.

UNICEF

FRANKFORT — Hours for tricks or treats for Frankfort youngsters have been set for 4 to 8 p.m., Saturday, Oct. 31.

The collection for UNICEF was taken last Sunday afternoon between 2 and 4 o'clock by the young people of the Frankfort United Methodist Church. Permission to make the door-to-door canvass was given by the village board.

Discuss Dist. 96 Rec. program

By Louise Schaller

ROMEDEVILLE — Community leaders and heads of local taxing bodies met at West View Junior High school on October 19. The dinner meeting was given by board members of District 96.

Exchange of ideas on possible recreational activities was the goal and purpose of the meeting. The need for year round recreation is partially due to the 45-15 plan.

Romeoville village board members were the only group not represented at the gathering.

Members of the Fountainedale library district and the Bolingbrook Park district, will of necessity have to organize their programs to fit the year round school plan.

James Bingle, school board president, said "we do not have a program to offer, we see a great need of working together for the children of the community. Community service organizations in the area will be allowed to use school facilities free of charge."

A follow up meeting will be held at West View school on November 30, at 7:30 p.m.

United Crusade drive kicks-off

SOUTHWEST — Two divisions of the United Crusade fund drive for 1970-71 had their official "kick-offs" recently, as group and section leaders from participating agencies met and received supplies to deliver to some 500 campaign workers.

The small business division, headed by Gerald Albert, Boy Scouts director, met at the YMCA, while the professionals and specials division, under the direction of Mrs. Robert Olson, president of the Family Service Agency, gathered at the Joliet Public Library for their official kick-off.

"We have the largest group of workers in the small busi-

ness division that we have had in several years," said Albert. "There are 72 teams comprising some 400 people who will be going out to small businesses and giving employers, employees and firms the opportunity to contribute to the United Crusade."

The professionals and specials division will have eight teams involved in contacting architects, accountants, lawyers, physicians, dentists, real estate and insurance personnel, clergy, retired persons and various area clubs. Mrs. Olson stated that some 90 people would be involved in the division.

Churches aid UNICEF

LOCKPORT - Six of Lockport's churches are combining efforts in the city to coordinate trick or treating for UNICEF from 1-4 p.m. Saturday, Oct. 31.

All interested children in the community, regardless of church affiliation are invited to participate. Those who wish to join this project may go in costume (no masks) to the nearest participating church by 1 p.m. The children will be super-

vised by adults or Senior scouts.

At 3 p.m. everyone will return to the First Congregational Church for refreshments, costume judging, games and singing. Parents may pick up their children at 4 p.m. in the parking lot of the Congregational Church.

Agnew is at it

By Herb Hall

Vice-President Spiro Agnew is at it again. Now he wants news commentators to submit to questioning by government bodies in order to bring out their personal, political and philosophical prejudices.

Mr. Agnew emphasized that there is no intention of imposing censorship of any kind. If that is the case it is difficult to understand what he has in mind.

Supposing that it is found that David Brinkley is a little to the left of President Nixon. Then what?

If any form of censorship is ruled out, what could be done about Mr. Brinkley? The only thing I can think of is that he might be scolded in one of Mr. Agnew's speeches. This might make him shape up, but I doubt it.

Perhaps other people have noticed it too. More and more people are increasingly concerned about messing around with the opinions of others. Some people in politics, while giving lavish lip-service to free speech, seem to think that the freedom should extend only to those who share their own opinions.

Since often they do their best to obscure these, particularly during campaigns, it

makes it a little difficult for us outsiders to please them.

How can we back our leaders when we are not quite sure what they think, themselves? Often this is because they aren't sure either.

Certainly, news men are not exempt from criticism. Neither are they entirely free from personal prejudices. The best they can do is to try to keep them under control.

It seems to me that most of them do a pretty good job of it. They even give Mr. Agnew a pretty fair shake on the whole. When he says something silly they don't hesitate to quote it. On the rare occasions when he says something sensible, they don't hesitate to quote that either.

What irritates politicians the most is not being misquoted. It is being quoted as saying what they did say.

Sometimes that makes them furious. Considering some of the things they say, the attitude is understandable.

Perhaps one remedy would be to stop talking quite so much. Just on the basis of sheer footage, the amount of talking that politicians indulge in would be bound to result in some idiocies.

That old roadside stand

How many times have you passed or stopped at a road-side vegetable stand?

If you stop, do you pick up a bag of corn or a box of tomatoes and leave, or do you stay and chat for awhile?

If you should happen to stop at the Jurmann stand on McCarthy Road near Lemont, you can find more than just vegetables.

Henry Jurmann's stand has been in its current location for about 12 years. He calls its architectural style "real old-fashioned."

He is the first to admit, however, that the appearance of the stand has little to do with the quality of the produce.

Second-grader Rhonda Jurmann often can be found helping out at the stand when she is not in school. She shows little interest in corn and cucumbers, however. The stand merely provides her with a nice, shady place to play with modeling clay.

While Rhonda makes ashtrays into "play candy" and back into ashtrays again, her father can provide numerous cooking tips and insights into running a fruit and vegetable stand.

His "recipes" are simple. For zucchini, for example, he advises the cook to peel,

slice, dip in egg, dip in crumbs, fry in pan, enjoy, enjoy, enjoy.

Jurmann farms 115 acres with 100 devoted to corn and soy beans. Unlike some farmers in southern Illinois, he will have a "pretty decent" corn crop this year.

The remaining 15 acres produce tomatoes, sweet corn, cucumbers, squash, peppers and pumpkins. His melon crop was not successful this year.

He also has zucchini and plum tomatoes which are dense, shaped like a small squash and have few seeds. They are used to make tomato paste and are also just good to eat.

Every night at closing time, Jurmann and his family move all the produce away from the stand to remove temptation from young lads who may want to see how far they can throw a squash or whether a moving car is faster than a well-aimed tomato. Every morning, he puts it all back.

Jurmann's stand opens each year at the end of July and closes at the end of October. He has a good location, a good business and a wealth of information about the proper preparation of vegetables.

Ignorance of cooking procedure is no excuse for avoiding Jurmann.

Growing young with yoga

"The Lion" is for facial toning. Try to touch your chin with your tongue. . . . tense your whole body and try to look mean. In this, and all yoga exercises, breathing is important. Yoga that ultimately produces results is a combination of proper breathing, flowing movement, and complete relaxation.

Text by Marge Ratcliffe
Photos by Carl Voss

"What's the use of growing old?" says Mrs. Louise Palmer, Yoga instructor at the Joliet YMCA Woman's Division.

Asked, somewhat eagerly, if Yoga really prevents aging and what else (else?) it can do for you, she firmly replied, "Everything."

It certainly seems to work for her. A native of Lancashire, England, she had been interested in the theory and practice of yoga for about six years.

Her husband shares her enthusiasm, but she admits he is more interested in the philosophy than the physical part.

The physical part is pretty physical. But it is done slowly, with controlled movements always. Well, maybe not always.

However, done right, the practice of yoga is relaxing. The exercises tone up muscles, improve circulation, keep your spine loose, and according to Mrs. Palmer, even help you to think more clearly.

She does not recommend that beginners try some of the more complicated positions prior to checking with their doctors. If you have high blood pressure, it's perhaps not wise to stand on your head.

However, by sitting on the floor, half the weight is taken off your body. This does not mean if you weigh 150 pounds, you will weigh 75 pounds if you sit cross-legged on the floor.

If that were true, most of the world would be lined up, cross-legged, just sitting around losing weight. Really, it means that your body only has to support half its total weight.

The ability to think more clearly comes when you are able to sit and completely close out all thoughts but the ones which need immediate attention. Mrs. Palmer has a meditation room in her own home, with few furnishings. . . . plants, and pictures are the main attraction. She says she is able to sit there quietly and think, and suddenly a solution becomes quite obvious.

Mrs. Palmer's enthusiasm is responsible for three yoga classes at the Joliet YMCA and one in Morris; part of a steering committee.

People of all ages participate, and seem to love it. Mrs. Palmer stresses stopping when tired, and not over-taxing your body. She does say that when your physical condition warrants it, you can do any of the positions and do them well.

One of the women in last Tuesday's class said she felt some of the positions were not possible for people "over 40." Mrs. Palmer said, "Oh, but they are. You may not be able to do them in a week, or even twelve weeks, but if you keep at it, you can. Anybody can!"

She also explained that true yoga devotees do not

Stretching and toning are basic in yoga. Positions are held as long as they're comfortable, with slow and controlled movements. " 'Fast' yoga won't hurt you," says Mrs. Palmer, "but it won't help you either."

More stretching . . . this time in the other direction. Swing from the waist, with arms dangling, and try to touch the floor. Mrs. Palmer is encouraging . . . "If you can't touch it today, maybe you'll be able to do it tomorrow."

use tobacco, alcohol, coffee or any stimulants. She says they simply don't need them. They do drink weak tea.

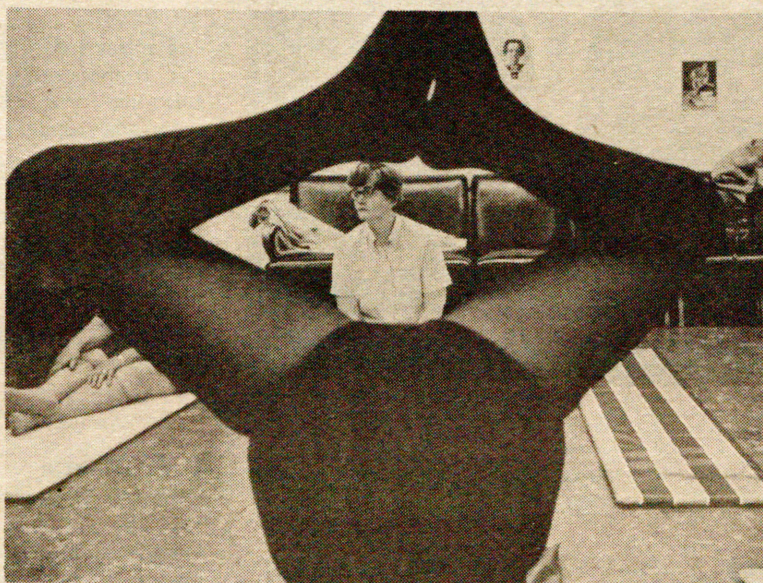

She also recommends a one-day fast, once a month, with nothing but water or fruit juice, for cleansing the system.

Mrs. Palmer is still a student of yoga herself, though she is a competent teacher. She is currently taking a class in theory and practice in Chicago.

How to stay young, and happy, and think more clearly? "People pick up vibrations from other people," Mrs. Palmer said. "If you are surrounded by glum, dreary people, it is hard not to become glum yourself. But if you keep smiling and fight the impulse to frown along with them, eventually they'll smile, too."

At the end of the class, she assembled the students in a circle and they all repeated, "May my body be healthy, my mind at peace, and my environment joyous." She also encouraged the class to sit, with their eyes closed, and think of all the habits or traits they possess which annoy them. "Think of the opposite of these traits. Instead of jealousy, generosity. . . not hatred, love. . ."

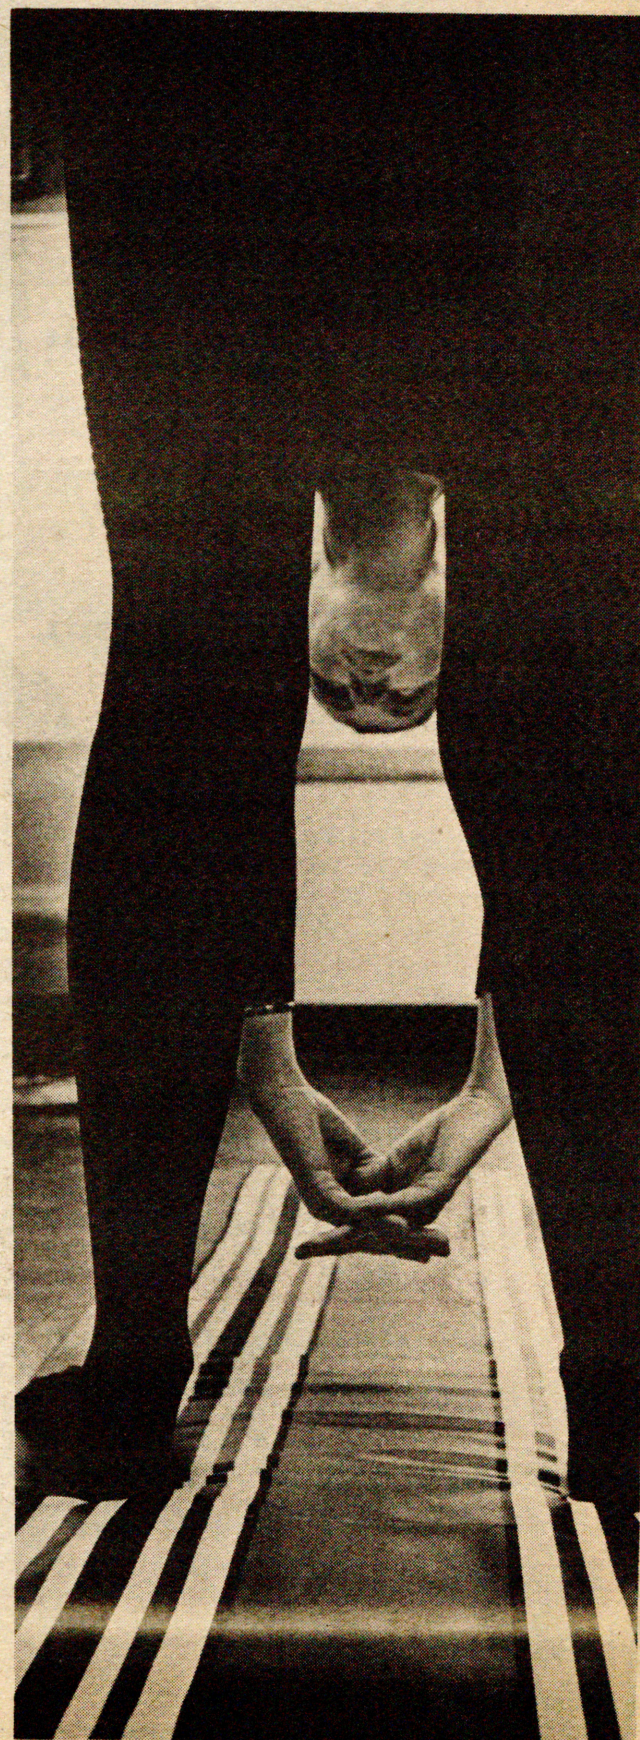

If all this sounds foolish, don't knock it until you've tried it. Or go down and talk with Mrs. Palmer. She's quite convincing, and you'll be very surprised to learn she's a grandmother. It really works for her.

One of several leg positions done while standing on the head, again as long as it's comfortable. The woman in the background is following Mrs. Palmer's frequent advice, "Don't over-do it. When you're tired, stop and rest."

One of the "pre-lotus" positions and something you can do at home while watching television or using the telephone. "First, grasp the feet with both hands, then bounce your knees on the floor," Mrs. Palmer directs. This loosens and stretches the muscles and makes the legs more flexible . . . to accomplish the lotus position.

You don't REALLY keep all your valuables
at home... do you?

A burglar or a fire can strip your home of important and valuable papers in a matter of minutes. In most cases, once these papers are gone, they are gone forever! How needless to risk such loss... particularly when the cost of a safe deposit box is so low!

If you're looking around the house for a safe place to hide your valuable possessions, you might as well stop looking. But, if you want protection that can't be had at home, then you need a safe deposit box at New Lenox State Bank. Your family possessions deserve this kind of protection. If you don't have it, come in soon and talk it over with one of our officers.

What shall I keep in a Safe Deposit Box?

You should keep a lease, birth certificate, deed, military discharge, stocks or bonds, bills of sale, insurance policies and other valuable papers in a safe deposit box. When you do, you can be sure they're getting more protection than you can give them at home.

The Arbury Hills Civic Association will have a costume Halloween Party at the American Legion Hall in Frankfort Friday, Oct. 30, at 9 p.m. The cost will be \$1.50 per person and guests are asked to come in costume. There will be two awards given, one for the best individual costume and one for the best couple costume. Refreshments will be available at the usual cost. Bringing outside beverages is prohibited.

The Arbury Hills Lions Club were fortunate in obtaining the Glaucoma unit for Arbury Hills last Wednesday.

The Arbury Hills Cub Scouts of Pack No. 10 will have a Halloween Party Friday, Oct. 30, instead of a regular pack meeting.

If the weather permits it will be held in Mokena Park beginning at 7 p.m., otherwise, it will be held in the Arbury Hills school gym beginning at 7:30 p.m.

This outing, as well as the other Cub Scout outings, will include the entire family.

The Brownie Troop No. 334 had a nature outing instead of a regular meeting Thursday. It was held in Lincoln Estates, and the girls were shown the various interesting natural beauties of fall and some wild birds and animals in the area.

The Junior Troop No. 103 held their rededication at the school on Oct. 23 in the evening allowing parents to attend.

Don't forget to save your glass containers for the girls of the Cadette Girl Scout Troop No. 336. They may be

A chili supper, sponsored by the Women's Society of the Marley Community Church, will be served from 5 - 7 p.m., Nov. 7, in the church. A sale of homemade bakery goods also will be staged. Entertainment will be provided by the Youth Group of the church. Tickets are \$1.50 for adults and \$1 for children under 12. Reservations may be made by calling Mrs. Ray Padden at 312-479-9684.

The Maple Street Arbor of Gleaners will meet at the Homer town hall on Nov. 7 at 8 p.m. On the host committee are Mr. and Mrs. Wilbur Francis, Mr. and Mrs. Angelo DePra, and Mr. and Mrs. Everett Flory. The election of officers will be held and annual reports presented. Ladies are requested to bring either cake or sandwiches.

James Hall has returned from a weekend business trip to Galveston, Tex.

baseball field in Arbury Hills on Saturday, Nov. 21 from 10:30 a.m. - 2:30 p.m.

There are still a group of girls waiting for their chance to join in the scouting program, but there is no leader for the group. Troop No. 289 has a number, but no leader.

Miss Verda Jo Sass was honored on her 16th birthday with a party on Oct. 25. Following a hayrack ride refreshments were served at the Marley Community Church.

James D. Frazer was honored at a family dinner party on Oct. 18 in observance of his birthday. The dinner was at the home of Mr. and Mrs. Wilbur Francis, Manhattan.

Mrs. LaVerne Herzmann and daughter Karla, of St. Paul, Minn., were weekend guests of Mr. and Mrs. Loren Sass.

James D. Frazer accompanied Mr. and Mrs. Wilbur Francis, of Manhattan, and Miss Helen Trask, of Joliet, to Coruna, Mich., Oct. 23-26. They were guests of a cousin, Miss Carrie Frazer.

The Twelve Trumps will meet at the home of Mrs. Loren Sass at 8 p.m. Nov. 5.

Judges who are soft on criminals should be (and can be) replaced.

It's a matter of public record that our Democrat-controlled courts (224 Democrat to 27 Republican judges) have failed us badly. Even the Democratic State's Attorney — a man who certainly is in a position to know — has accused a number of Democratic judges of being too lenient with criminals. (One Democratic judge has a record of freeing 54% of the defendants appearing before him in bench trials and giving probation to 31% of those he convicted.)

Realistically, however, the mess in our courts is nobody's fault but our own. Because collectively, we have failed to exercise our duty as voters.

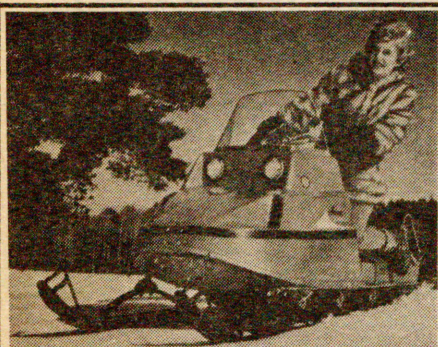

For example, nearly 400,000 voters who went to the polls in Cook County two years ago (1 out of 5 in the suburbs) failed to vote the separate judicial ballot. As a result of this mass default, the Chicago Democrats were permitted to continue in control of our courts.

On November 3rd, we have a new opportunity to clean out the deadwood — and the badwood — and make our court system strong again.

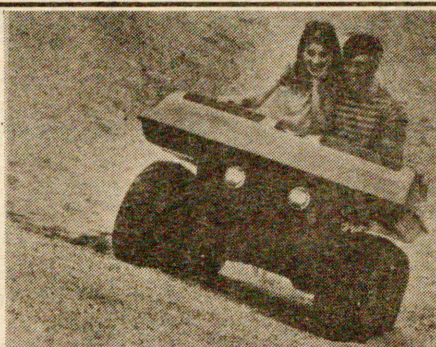

Be sure to vote the white paper judicial ballot. If your election officials don't give you one, demand one.

For merit-selected Judges, vote straight Republican.

Titans Topple Bradley

By Ken Connor

The Titans picked up another win Friday evening in their drive to a conference championship and spoiled Bradley's homecoming festivities in the process. The Titans did this without the services of star tailback John Garramone, who was out with a leg injury.

Tinley kicked off and its defense forced the Boilermakers to punt on fourth down and four yards to go. The Titans didn't field the punt which landed on the 15 yard line and rolled to the 4, leaving Tinley in quite a hole.

The Titans tried a few plays up the middle, but were unsuccessful in getting out of the hole and were also forced to punt.

The Boilermakers made a few first downs with the aid of a personal foul on the Titans, but the Tinley defense tightened again and Bradley was forced to try a field goal on the fourth down and 3 yards to go from the 15 yard line. The field goal was good and the Boilermakers had a lead of 3-0 early in the first quarter.

Quarterback Ken Woerheide got the offense machine moving despite the absence of John Garramone, and moved the ball 70 yards for the Titans' first score. The touchdown came on a pass from Woerheide to Steve Sarovich from inside the 30 yard line. Kunzer came in to run in the conversion, and the score stood 8-3 at the end

of the first quarter.

The Titans defense played excellent football in the second quarter and the offense put together two scoring drives to put Tinley ahead at half time 24-3.

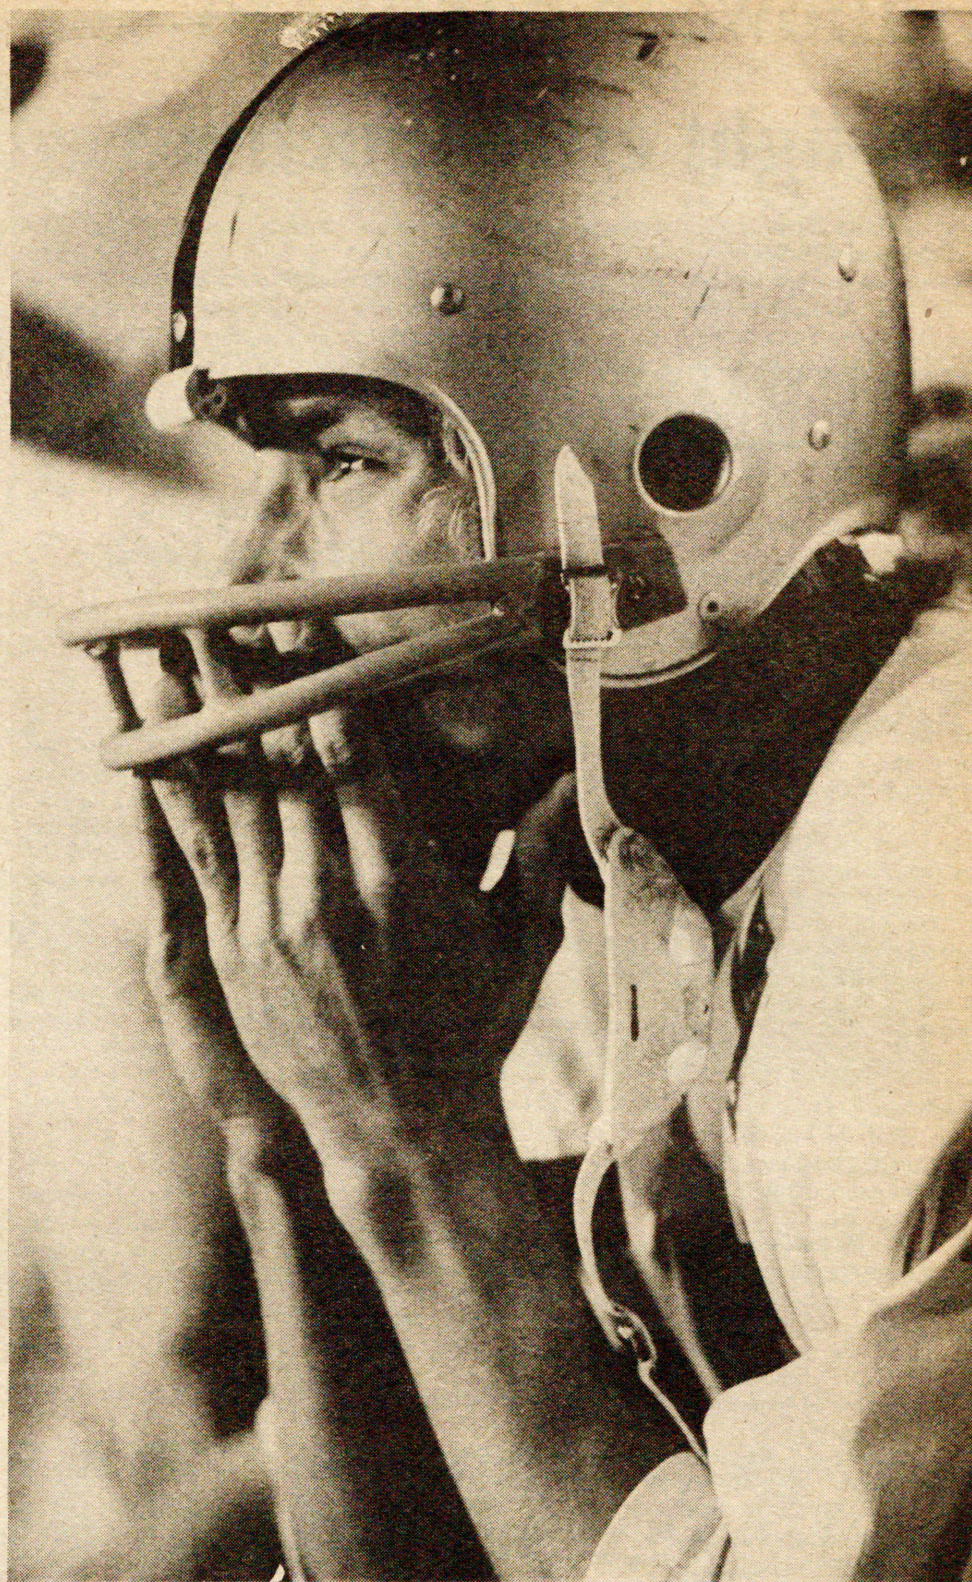

Wingback Bill Linn caught key passes and ran well; tailback Mike Kraft ran over, through and around people; and fullback Jack Smith hit the middle of Bradley's line for some valuable yardage. The Titans had a great second quarter.

The second half was somewhat disappointing as the Boilermakers played the Titans even, each scoring 12 points. The Tinley defense came apart all too easily at times and a let down by a few individuals was observed by the coaching staff. I'm sure measures will be taken to remedy this situation before next week's contest with Hillcrest.

The defense play of the week had to be Craig Sheisel-bein again, as he stymied Bradley's offensive effort all night. Mike Kraft ran from both the fullback and tailback positions and gained 142 yards in the process. He must be considered the offensive player of the week.

Others who did a fine defensive job were Steve Sarovich, Bill Linn, Rick Pignatiello and Bill Ziemer. Ziemer made a few clutch tackles in the second quarter that made the Boilermakers punt from a hole.

Ken Woerheide and Sarovich were again consistent performers on offense, as Woerheide threw for his tenth touchdown of the season and Sarovich caught his sixth touchdown pass of the season.

Lockport West's Rich Shaffer watches from the sidelines in the Spartan's bout at Joliet East Friday night. The Spartan's needed little help, however, as they defeated East 21-0.

Swim class at Joliet 'Y'

SOUTHWEST -- The second of eight four week units of the Joliet YMCA Preschool parent-tot gymnasium and swimming classes will begin the week of October 26 and continue for a total of four weeks. The program is designed for boys and girls who are at least four months in age through five years old. The classes are divided in three age levels. Mighty Mites is a class for children four months through 16 months of age. This class will meet on Tuesday and Thursday afternoons from 1:30-2:30 p.m. The second class is called super Tots which caters to the 17 month through three year old boy or girl. The Super Tot class meets on Monday and Thursday afternoons from 2-3 p.m. The Little Wonders is a class for the older preschool child who is either four or five years of age. This class will meet on Wednesday and Friday from 1:30-2:30 p.m.

Each class meets one half hour in the small gymnasium of the YMCA for exercise and directed play experiences on gymnastic and especially designed pre-school apparatus. The second half hour period is spent in the swim-

ming pool learning basic survival and swimming skills. Parents and children participate together in both activities.

The fee for the eight lesson course for children of YMCA members is \$8 per child per series. The non-member fee per series is \$15. Registration is required in advance. To register, or for information call the YMCA Physical Director, David B. Diehr (726-5361).

Rams nip Bremen

The Reavis, Rams, which have been doing fairly well in the Southwest Suburban Conference football exercises, polished off the Bremen Braves last Saturday, 27 to 14.

The game started out like the Braves were going places. At the close of the first quarter the score stood 6 to 0 in favor of Bremen, which was not according to the script as Reavis read it.

The Rams then proceeded to do something about it and in the second period scored a touchdown and kicked the extra point so that at half time Reavis led by 7 to 6, still a very close game.

In the third period Reavis piled up 14 more points and six in the final quarter. Bremen failed to count any points in the third period but racked up eight in the last quarter, with Meehan running the ball over for two extra points.

Dismore accounted for all four of the Braves touchdowns. All of them were on the ground via short runs of 5, 8, 6 and 2 yards. Meehan scored both of the Braves counters, one on a 2-yard run and one on a 20-yard pass-run from Yucuis.

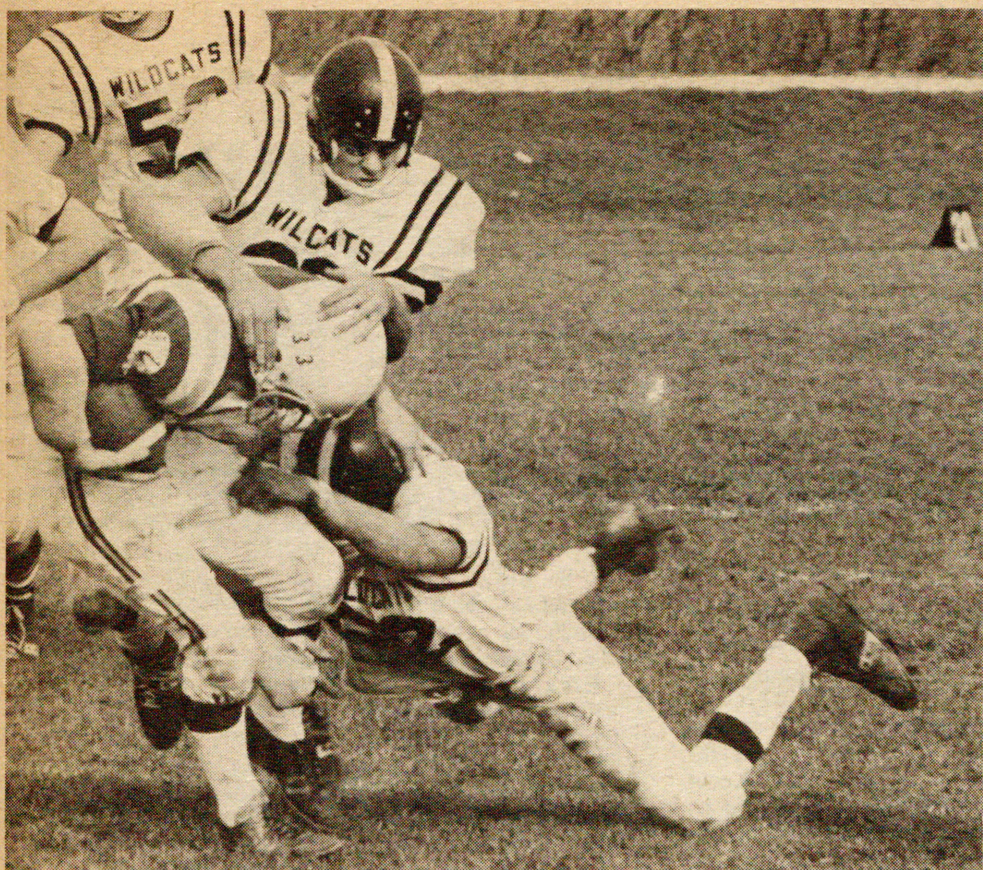

Red Heads to cage faculty

NEW LENOX — Those colorful, sensational and exciting All-American Red Heads basketball team is slated to play in the Lincoln-Way High School gym Nov. 9, at 8 p.m. The touring basketball gals will take on the All-Stars, as the faculty team at Lincoln-Way describes itself. The game is sponsored by the athletic department at the school.

The Red Heads, queens of the big time basketball and world champions women's basketball team, played at Lincoln-Way four years ago. On that occasion, according to Ron Stopka, athletic director, the faculty team which also was self-billed

as All Stars — was the winner. Stopka claims this was the only time the Red Heads were beaten and the faculty men are bent on repeating this year. The game will be played under regulation men's rules but the Red Heads perform well under any rules. Last year the gals played 203 games against men's teams and are said to have won 'em all.

Proceeds from the game will be used to purchase much needed athletic equipment, Stopka said. Tickets are \$1.50 for adults; \$1, for students, and can be purchased from any Lincoln-Way athlete, Stopka, Jerry McGuire, or at the door.

Wildcat defenders bring down a Lemont Injun ball carrier, but the Injuns still won, 20-8.

Injuns tame Wildcats

LEMONT -- Lemont's Injuns made a first half passing attack good for the entire game Saturday as they downed Wilmington 20-8.

In the first half of the Northeast Conference bout at Lemont, the Injuns took to the air and connected six times, scoring two touchdowns in the second quarter.

The two second-quarter touchdowns and another in the fourth all came on passes from Mike Kennedy.

Lemont was able to halt Wilmington's rushing game until the final minutes of the last period when the Wildcats were able to march 36 yards in seven carries for the score.

Both teams stayed on the ground during the second half, but neither was effective. After the Wildcats gave up the ball on downs, six straight punts followed.

Two special events will take place next weekend in Mokena through the ministry of St. John's United Church of Christ.

Mokena

On Saturday afternoon, church school children will ask adults for contributions to the United International Emergency Fund (UNICEF) as they go Trick-or-Treating in the community. Boxes for UNICEF contributions were distributed to the children by Mrs. Marvin Homerding of the Board of Christian Education. Children are to return filled boxes to church on Sunday.

Secondly, the Rev. Laslo Hunyday and Church School Supt. Marvin Homerding will conduct the first in a series of Family Worship Services at 9:30 a.m. It will include a children's message by the superintendent and sermon by the minister, on the first Sunday of every month. This special service, which will include participation by church school students of the upper grades and children's choirs, will be in addition to the usual morning worship at 10:45 a.m. During the first Family Worship at 9:30 a.m., the Cherub Choir will sing under the direction of Mrs. Lyman C. Teague. Miss Karen Teague will accompany. The sermons for both services will be entitled "Good News in the Church!" During the worship, children will proceed to class-

rooms for study of the Bible and Faith, and activities after hearing the message of the superintendent. All are welcome.

Officers, managers and coaches of the Mokena Baseball Association and their wives are invited to the annual steak fry. It will be Nov. 7 at 7 p.m. at the VFW Hall. The price for this night out on the town will be a special one — \$4.00 per couple. For reservations call James Fagan at 479-5595 or Lynn Gilmore at 479-2232 before Nov. 2.

Cadette Troop No. 336 is going to collect clean glass containers and broken glass as a service project. They will be picking up at Ordman's Park and Shop in Nov. 28 and Dec. 19 from 10:30 a.m.-2:30 p.m. The idea of this project is to help fight pollution. Some ways of helping would be: stop burning trash, feed the birds, don't use insecticides that poison wildlife and, most of all, collect trash from ponds and streams. Also help clean up vacant lots, remove trash from roadsides and write letters supporting environmental control.

The Homemakers' Extension "Evening Belles" unit will meet Nov. 2 at 7:30 p.m. in the home of Mrs. Nina Schuldt, 11520 Francis Rd., Mokena. Co-hostess will be Mrs. Carol Ekstrom. The lesson, "Entertaining at Home", will be given by local leaders Mrs. Carol Ekstrom and Mrs. Rita Fagan.

HOMER — Mrs. Harry Scheller, chairman of the Homer Lockport Homemakers Extension Association, was recently honored at a surprise celebration at a meeting of the unit in the

Homer Town Hall. Mrs. Scheller served as chairman of the unit for 12 years. She was presented with a safety pin strung with 11 pennies representing her past years as chairman and a sterling silver pin engraved with a gavel.

Homer Congregational Church will have four sessions of adult membership classes beginning on November 6.

Homer

The Homer Fire Flies and Troy Jolly 4-H Clubs were winners in a list of 30 entries in the 4-H window display contest during Will County's observance of National 4-H Club week. The window displays were designed and built by the clubs in cooperation with local merchants and were on view in public places during 4-H week.

The Homer Fire Flies chose as the central theme of its display "We Care Today for a Better Tomorrow". John Ohla of Homer is the club leader. Committee members who worked on the display are Chris Reiter, chairman; Veronica Cecelia, Mary Alice and Dorothea Know, Jeff and Danny Carter, Ed Henry and Sandy Lynn Bachmann.

The Homer Volunteer Fire Department Auxiliary will

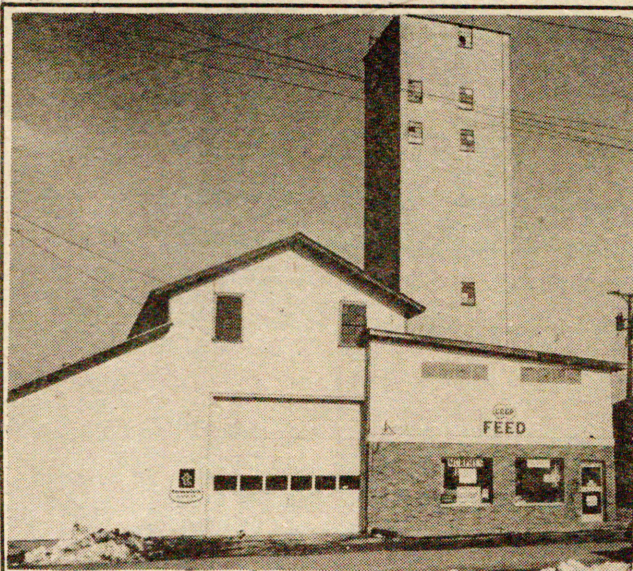

have its last business meeting of the year Nov. 2 at 8 p.m. at the fire station. Election of officers will take place. The ladies wish to thank all who helped make the rummage sale a success.

Hostesses for the evening will be Norma Shepherd and Catherine Scheller.

The Volunteer Firemen extend a thanks to all who helped make their Turkey Shoot a success. Bill Guendling of Codo Dr., Lockport was the winner of the 1100 Remington 12 gauge shotgun and Frank Morris of Rte. 1 won the Remington .22 Cal. rifle.

College adopts annual budget

The Moraine Valley Community College governing board adopted a budget of \$6,261,249 for the 1970-71 fiscal year at a recent meeting.

Of this amount, \$4,088,599 was allocated for educational fund expenses; \$436,000 for building fund expenses; \$500,000 for site and construction fund expenses; \$1,000,000 for bond and interest fund; and \$236,650 for auxiliary fund expense.

The proposed budget had been available for public review.

The estimated revenue of \$14,252,886 includes income from taxes, state apportionment, federal grants, tuition and fees, and more than \$8 million dollars from the previous sale of bonds for the site and construction fund.

The bond sale for construction of the college's permanent facilities was authorized by the district voters in a special election held in June, 1968.

To meet the budget expenditures, the board passed a resolution to levy \$2,196,500 for educational purposes

and \$627,500 for building purposes. The amount of the levy is forwarded to the county clerk who determines the tax rate based on the 1970 equalized assessed valuation of the taxable property of the college district.

The college district is comprised of six high school districts. They include Argo-Summit, Reavis, Oak Lawn, Evergreen Park, Eisenhower-Richards and Sandburg-Stagg.

In other board business, the trustees accepted the audit report for the year ending June 30, 1970. The purchase of a truck for college mail service and carpeting for a large interim building now being erected were approved.

Payments of bills were authorized for \$263,508.67 from the educational fund; \$6,824.77 from the site and construction fund; and \$25,715.15 from the auxiliary fund.

Fred Sturmer, son of Mr. and Mrs. Fredrick Sturmer, RR1, Tinley Park, has pledged Alpha Chi Rho Fraternity at the University of

Illinois in Champaign.

Fred is a member of the pledge class of 1974 which is one of the largest the fraternity has had in years.

He graduated from Tinley Park high school in 1970, and is a freshman enrolled in the college of Liberal Arts and Science at the university.

Michael Smith, son of Mr. and Mrs. Henry J. Smith, 8740 W. 170th St., Tinley Park, was named coronation equipment committee chairman for Aurora College homecoming.

He is a 1967 graduate of Carl Sandburg high school and presently a senior at Aurora.

Aurora College is an accredited four-year senior college of liberal arts located 40 miles west of Chicago.

Two Oak Forest students were among the approximately 450 new students who en-

tered Monmouth College this fall. They are Susan P. Lowery, daughter of Mr. and Mrs. John P. Lowery, 5436 Aimee Ct. and Kathleen D. Mroula, daughter of Mr. and Mrs. Henry Mroula, Grove Ave.

X-15

by North American

THE FIRST GLIDE TEST WAS
MADE JUNE 8, 1959.
THIS 'ROCKET PLANE' HAD TO
BE LAUNCHED IN FLIGHT AND
WAS ACHIEVED BY USING
A B-52 BOMBER TUCKING
THE X-15 UNDER ONE OF ITS
MASSIVE WINGS.
WHEN SUFFICIENT ALTITUDE
WAS REACHED, THE X-15 WAS
RELEASED AND ROCKETED
OFF ON ITS OWN POWER!

VAST EXPERIENCE IN FLIGHT MANEUVERS
AND CONTROL WAS GAINED BY THE EARLY TESTS IN
THE X-15 ~ THESE TECHNIQUES WERE HELPFUL IN
LATER FLIGHTS OF AEROSPACE VEHICLES.

PERFORMANCE OF THE X-15, PROVED MAN COULD
REACH ALTITUDES OF OVER 67 MILES AT 5000 MPH!

MEDICAL SECRETARY

Chicago's largest teaching and research hospital has immediate opening for medical secretary to work in our department of surgery. The individual we seek must be willing to take on the responsibility of handling all administrative and clerical matters of one of the country's most well known cardiovascular surgeons. If you type a minimum of 60 wpm (shorthand not essential) and have reasonable knowledge of medical terminology, begin your association with some of the finest medical personnel in the country by calling Jerry Olson, 733-5163.

SUBSTITUTE TEACHER SUBSTITUTE SECRETARY WHY NOT?

You know the status that a substitute teacher enjoys, she is called in to bridge the gap (when the regular teacher for some reason or another cannot make it). Here at Presbyterian-St. Luke's

Hospital we are pioneering the SUBSTITUTE SECRETARY. When one of our regular secretaries is absent, that's when we will call you. We will notify you one or two days in advance to replace the absent secretary. The decision is yours if you want to come in, and you will work the hours you want. Salary will be equal that given to a substitute teacher.

Equation for Professional Satisfaction:

Brown & Root—the nation's number one engineering and construction firm, has opened a new, permanent office in Chicagoland.

To staff this office, we're seeking engineers and designer-draftsmen with heavy industrial experience in the following disciplines: electrical, instrumentation, mechanical, structural and piping.

The location is attractive suburban Oak Brook, with unusual freeway accessibility, free parking, superb shopping, and many other living and working advantages.

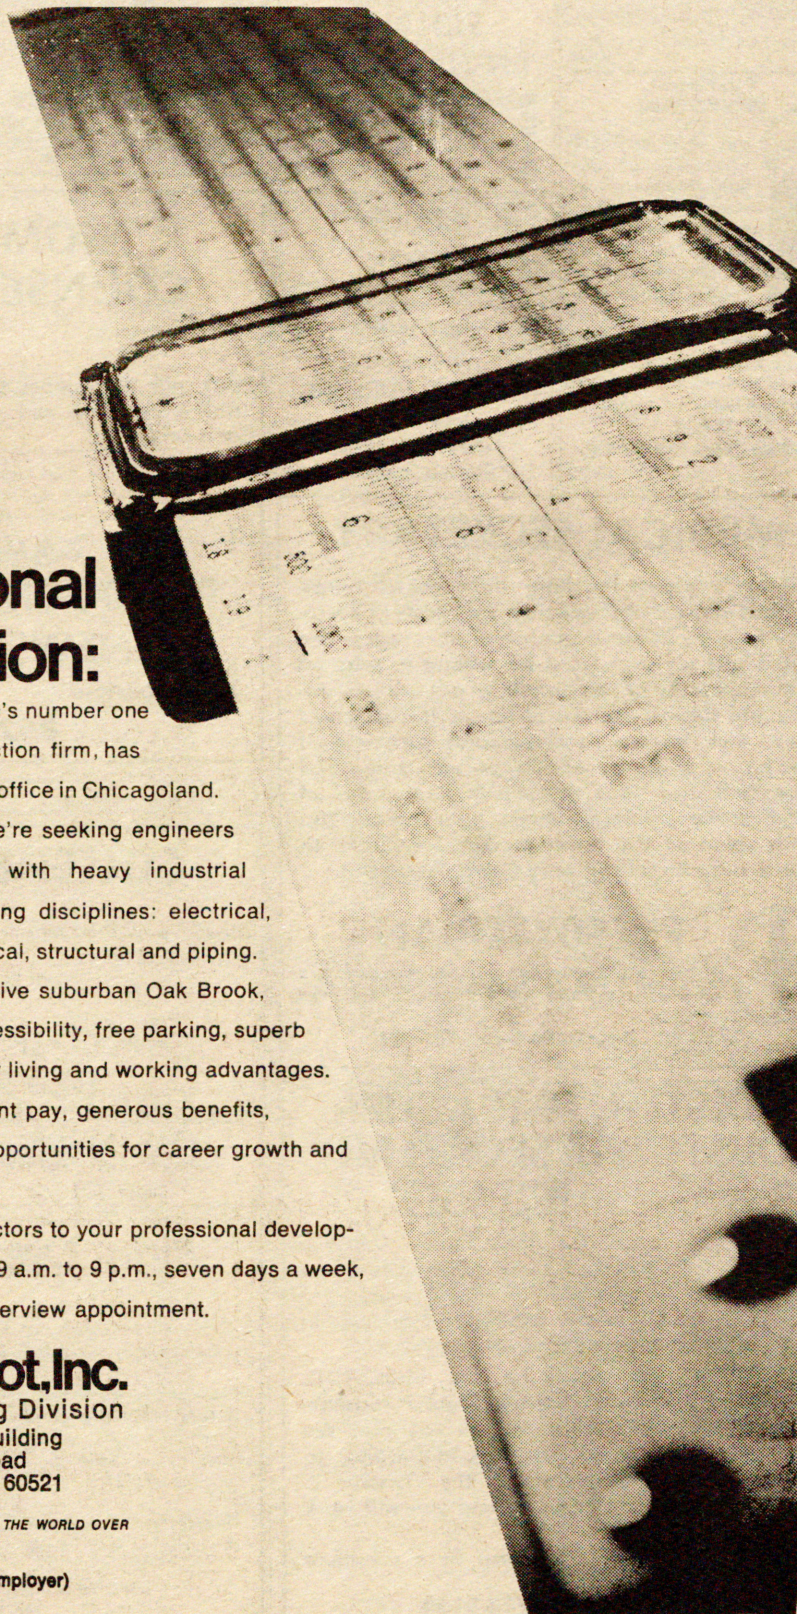

The job offers excellent pay, generous benefits, challenging duties, and opportunities for career growth and advancement.

If you equate these factors to your professional development, call 986-1100, from 9 a.m. to 9 p.m., seven days a week, for information and an interview appointment.

58-Farms-Acreage**PUBLIC SALE OF
REAL ESTATE**

SATURDAY, OCTOBER 31, 1970
AT 1:00 o'CLOCK P.M. ON THE PREMISES

119 1/2 acres of real estate with 1,980 feet of frontage on Laraway Road and 2,640 feet of double frontage on the Township road.

Located one-half mile South of Frankfort on U.S. Route 45 and one mile West on the South side of Laraway Road. Well located for either residential development or light industrial.

This real estate is offered for sale at public auction on the premises known as the Katharine Heisner family farm. It will be sold as follows: The West 40 acres will be first offered for sale. Then the remaining 79 1/2 acres with the buildings will be offered for sale. Then the entire farm will be offered at the combined price of the two separate parcels.

Legal description of property:

The East one-half of the East one-half of the Northwest one quarter and the West one-half of the Northeast one quarter of Section 31, in Township 35 North, and in Range 12 East of the Third Principal Meridian, located in Frankfort Township, Will County, Illinois.

Improved with 8 room house and farm buildings. All land tillable.

Terms of Sale: Five per cent (5%) of bid by certified or cashier's checks at time of sale, and balance in cash on delivery of deed, or on terms by installment contract with twenty-five per cent (25%) payable on December 1, 1970 and the balance payable in four equal, annual payments with six and one-half per cent (6 1/2 %) interest.

Possession to be delivered on December 1, 1970.

Subject to: Rights of present tenants in possession, and right of removal of current owner's crops.

Owner's Title Policy issued by Chicago Title and Trust Company.

For further information contact Lester Heisner, Frankfort, Illinois, phone: 815-469-5089, and Ralph Heisner, Frankfort, Illinois, phone: 815-469-5755.

3 WAYS TO CHARGE

Why buy an unknown...when you can buy Firestone

GUARANTEED TO GO...thru ice, mud and snow or...WE PAY THE TOW!

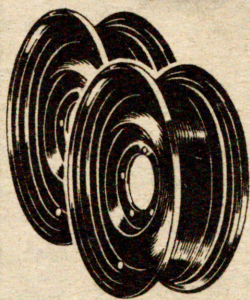

This famous guarantee extends to new Firestone Town & Country tires on drive wheels of passenger cars, for the entire life of the original tread design. Claims are paid by the dealer or store issuing the guarantee certificate.

Also available with
ICE GRIP STUDS
at additional cost.

For extra traction on ice or hard packed snow get Firestone Town & Country tires with "ICE GRIP" studs.

Ask about our pre-season
WHEEL DEAL

Have your winter tires mounted on extra wheels and save the expense of mounting and demounting your winter tires every season.

Firestone Town & Country® WINTER RETREADS

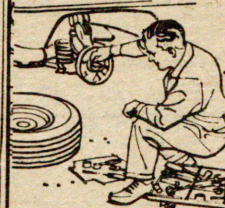

775-14 AND SMALLER
Whitewalls or Blackwalls

2 for \$28

Plus 35¢ to 65¢ per tire Fed. Excise tax and 2 recappable tires of same size off your car.

10-POINT BRAKE OVERHAUL

Not just a reline...we do all this work:

1. Replace brake lining on all 4 wheels
2. Arc lining for perfect contact with drums
3. Rebuild all 4 wheel cylinders
4. Turn and true brake drums
5. Inspect master cylinder
6. Repack outer wheel bearings on both front wheels
7. Inspect brake hoses
8. Inspect brake shoe return springs
9. Add super heavy duty brake fluid
10. Road test car

GUARANTEED 20,000 MILES OR 2 YEARS

GUARANTEE
We guarantee our brake lining for the specified number of miles or years from date of installation, whichever comes first. Adjustments prorated on mileage and based on prices current at time of adjustment.

\$44.88

Price for drum-type brakes on most Fords, Plymouths, Chevys, American compacts and light trucks. Others slightly higher.
